

# Locals CD Project

## Submission Details and Release Agreement

*Please read this agreement carefully: it details each party's obligations to the other.*

By signing below, you (*The Artist*) are entering into an agreement with *The Project* (an organization to benefit the KidZone Museum of Truckee), wherein you will donate your work for potential inclusion in The Project's upcoming *Locals CD*. Your participation acknowledges that you understand and agree-to the following: your submittal does not guarantee inclusion in the final project; your submitted media will not be returned without special arrangements; should your work be included, you grant The Project non-exclusive distribution rights to the submitted work for exactly one edition of the *Locals CD*, possibly including electronic distribution and multiple pressings of that CD; you warrant that you have full legal authority to grant these distribution and licensing rights for your submission; your submittal is considered a donation to the KidZone museum of Truckee, a non-profit entity; compensation for inclusion and sale of your work as part of The Project will be strictly non-monetary, limited to the fame and positive publicity of associating yourself with such a fabulous cause.

### What are we looking for?

Art submitted to The Project should showcase what makes you unique as an artist. It must be entirely original material: it's more interesting, and it keeps everyone on the safe side of copyright issues. The Project is not seeking a pre-set theme or style: we want to see what the Local artists can come-up with given free rein, and develop a theme based on the submissions. The CD will be sold all over town, to Locals and visitors, so your audience is pretty broad. Submissions will be judged by members of The Project based on artistic merit, production quality, and the work's ability to fit with other submissions into some coherent structure. Music submissions should be production CD-quality (or better) digital format, wherever possible. Graphic art should include a layout for the front and back covers and spine, preferably in an electronic file format – please visit the project website for details and templates. Your answers to the questions below (preceding your signature) will be included with the CD's track listing.
